Vice-Principal

## Parent-Teacher Meet....

## Parent-Teacher Meet....

Parent-Teacher Meet was conducted in our campus on 18-11-2019 along with an awareness program on Stakeholder's Responsibility in enabling students to pursue Technical Education. A team of Educational consultants interacted with students and parents followed by a counselling session with a focus on the drop-out ratio of students in technical institutions.

## National Constitution Day....

The 70th Constitution day was celebrated in our campus on 26th November to commemorate the adoption of the Constitution of India and also as a mark of respect and gratitude to the contributors and creators of the longest written Constitution.

Honourable Justice Thiru A. Rathinavelu graced the occasion by throwing light on the making of the Constitution and explained the relevance of 22 parts of the Constitution to our staff and students. Our students showed their commitment by taking a pledge on the Constitution of India.

## National Constitution Day....

## Distribution of Laptops to Students...

As part of our Government's relentless efforts to encourage, motivate and enable our students to scale heights on higher education, Laptop computers were issued free of cost to our students on 26th November in our campus. Honourable Justice Thiru A.Rathinavelu started the distribution of laptops to students.

## Milestone 2019....

The United Nations announced 2019 (150th year) as the International Year of the Periodic Table of the Chemical Elements to highlight its first publication in 1869. The periodic table was first designed by the Russian scientist Dmitri Ivanovich Mendeleev.

The periodic table is an exceptional tool for scientists to understand, and even predict, the properties of all the elements.

## App..of the month

bthere

bthere is one of a couple of new social apps this month. This one links up all of your friends and claims to give rewards just for hanging out. In reality, it's a group chat app with some advertisements baked in. Basic premise aside, the app actually functions rather well. The group chat and location sharing features are nice if you have a group of friends who don't mind having such things. Additionally, it has event planning features and a Come Get Me button in case of urgent situations. It has a lot of promise but, of course, it means you have to get your friends on it along with you, a difficult task in 2019.
